DX INFORMATION EXCHANGE 147.18 0130Z WEDNESDAYS

SUPER SHOW AND TELL

Better means we are going to meet at the Royal Palace on the 21st of June to take part of a SUPER evening that you will be happy you attended.

To start the meeting, we will listen to the one and only, Roger Burt, N4ZC, who will share with us the trip he made to the DXer's home in the UK and Europe. If you have ever listened to one of Roger's DX forums, you know what to expect. Those of you who happened to miss them, you can't miss this one. He will take you into the homes of his friends, their everyday type of life, their food and the local country side.

What did he miss? Nothing, and we will feel as if we were with him at the close of the presentation.

Roger visited hams in the following areas, G, GD, PA, ON, DL, HB9, I, T77 (M1B)

He operated in I, G, DL, ON and GD. At GD he made 2600 contacts, all CW, as single band, 15 mtrs signing GD0/N4ZC.

He left home Apr 25 and returned May 27. Now for a man of his stature, he had to really move to cover the countries he did. I hope Roger informed his friends that some of us are somewhat smaller than he.

Better again means we will be informed of the possibility of a new repeater, with 50 watts output and located at app. 4700ft.

Uncle Ted will give us more info about this at the meeting. You need to be there not only for Roger, but to take part in this venture and it's discussion. This is the break we need to GROW and serve more DXers in our area. I can break the repeater from Rock Hill with 10 watts and it is cut back to 25 watts at the present time. ...cont'd 7 in up & 5 in to the right....

Some of the BEST is still to come and my friends, it is GOOD. I'm speaking of the deliciously different Chinese food served by the Royal Palace. Parking is no problem with the large lot across from the entrance. It is located at the corner of College and Trade Streets in Charlotte, NC diagonally across the street from the Charlotte Civic Center (hamfest location)

We have it going now so make Saturday night a time of fellowship and take part of your CDXA on the move.....

Place:	Royal Palace Charlotte, NC
7:00-7:45	Cocktails (you order)
7:45-8:30	Dinner (you order)
8:30+-	Meeting N4ZC

FAROE Island DXpedition . . OY

Just a few days after the end of a long school year, two Norwegian teenagers are traveling to Faroe Island on their very first DXpedition. The enthusiastic hams are LA9EEA, Marius and LA9SEA, Bjorn Erik.

The departure is June 23 and they expect to be QRV June 25th. They will stay one week, but they may extend it to two weeks.

Operation Facts:

CW: LA9EEA/OY Marius

SSB: LA9SEA/OY Bjorn Erik

QRV: June 25 to July 2 or 9th

QRG: CW; 3500-3510, 7005, 14015, 21015

SSB; 3650-3799, 7050, 14200, 21270

Will try 160 mtrs between 1830-1850

QSL via: Asker og Baerumsgruppen/NRRL
(LA2AB)

Postboks 144

1322 Hovik, Norway

Tnx to OY1A, OY3H & OY9J who assisted these young DXers on their first venture.

QSL AND DX INFORMATION

3C0A should be on the air by now with 6 operators, CW/SSB....no info yet on the rules for the 50th special DXCC award... ex TU2GC & TU2GD will be in 5U7 starting this July for 2 years, maybe a license? MARKET REEF, OJ0 will be active 8 July to 15 July by OH2BH, OH2BAZ, OH0NA, K8MN/OH2, W6EUF & K8MFO. They have beams and will try to get good signals on 40, 80 & 160. OJ0 sunrise is 0145 and sunset is 2000 GMT. Freqs:
CW: 1830, 3505, 7005, 14025, 21025, 28025

SSB: 1830, 3795, 7090, 14195, 21295, 28595 they will have two stations running 24 hours a day so we can have an SSB & CW contact at the same time +- . QSL via OH2BH. This venture organized by the OH DX-Ring(OH2AM) and with help from their USA friends....

Jacky, 3B8CF denied permission to operate at 3B6...Wilcox Elec Inc has a contract for navigation in the following areas, Oman, Korea, Taiwan, Spain, Zambia & Burma. Any hams in the crew?...TA1E Bx 794, Istanbul...

New Member: Don Traves, WB4CVH of Goose Creek, SC. His interest will fall into place with you fellows, he likes contesting:: He runs a 430S barefoot w/vertical (ground-mounted) now that takes guts or else a slick operator (or both). He is stationed at Charleston, SC (near Goose Creek) with the USN. ex WN3NLP(1969) and WB4CVH/IT9 WELCOME:: FCC:: An increase of \$2 million is in the budget for 1987. The total budget is \$96.4 million now. The staff will increase by 20 full-time positions for a total of 1,855 in 87. Half of the new staff will be used for keeping pace with tens of thousands of applications. The other half will be field operations to maintain an acceptable level of response for information and complaints:: 6x
PR 85-21: FCC has affirmed its earlier action deleting the 30 day re-test waiting period for amateur license. They responded by stating the volunteer examination is founded upon the fundamental integrity of the amateur licensees administering the exam.
ITU Conference: May 1:: You 160 meter fellows take note..the USA can license 500 more AM stations. This will be done by expanding from 535-1606kc to 535-1705kc(proposed)The stations now permitted sun up to sun set operation can go 24 hours with permission::
